Ok, great, thanks. That was my impression as well (that Nancy and I just weren't in the loop but communication was happening). I just spoke to Dana and he may loop in Nancy to the ATSDR comm. plan.

Melissa- Steve Jones discussed the release at the OSRTI sr staff meeting on Tuesday, so Jim is aware of its release. However, I don't know the degree to which he shared info w/ the OSWER IO. OSRTI/OSWER have been coordinating with ATSDR on this site fairly closely, especially w/ regard to the site consult fact sheet's recommendation that residents have their homes tested for radon—both Mathy and Barry have weighed in on the recommendation's inclusion.

Importance: High

Lois,

Nancy Cohen called me because she is concerned about how Mathy is being kept in the loop regarding West Lake Landfill. Apparently ATSDR is releasing a health consult report today and the region is issuing a press release. Below is a comprehensive list of upcoming activities from the R7 PAD. It sounds like the region is handling everything, but she was wondering if OSRTI plans to brief Mathy on the site or give updates? I haven't been in the loop on this site, so maybe this is already happening. Just wanted to let you know that she reached out and to make sure Jim was aware of regional activities.
